MEMORANDUM FOR: Assistant Comptroller, Resources

FROM : John F. Blake
Deputy Director for Administration

SUBJECT : FY 1977 Lowest Priority Items Equal to
2.5% of Allotment

REFERENCE : Memorandum to DDA from Asst Comptroller, Resources
dtd 20 Oct 76; subj: EAG/Comptroller Meeting,
5 Oct 76

1. Paragraph 2 of reference requested that we furnish a list of the lowest priority items totaling 2.5% of our allotment.

3. Attachment provides the items that we would be forced to reduce or eliminate if a reduction of this magnitude is imposed on the Directorate. These items are grouped into three categories: I - Most Desirable to Retain; II - Lesser Importance; and III - Least Essential. The items within a category are not prioritized. However, if a reduction were imposed, it is the items in Category III that we would review first and then, depending on the amount of reduction, we would proceed to the next category and so on.

4. In the absence of any further guidance on any items contained in the list, we are proceeding on the theory that no funds are to be blocked and if later in the Fiscal Year a reduction is imposed, we would review all items and determine what had not been obligated and would be available for some part of an overall Directorate reduction.

5. If there are any questions or if other details are required concerning the attached, please contact Mr. [REDACTED] DDA Budget Staff.

John F. Blake

20 OCT 1976

MEMORANDUM FOR: Deputy Director for Administration
Deputy Director for Intelligence
Deputy Director for Operations
Deputy Director for Science & Technology
Executive Secretary

SUBJECT: EAG/Comptroller Meeting, 5 October 1976

1. Attached for your information is a copy of a Memorandum for the Record describing the meeting of the Executive Advisory Group with the Comptroller on 5 October 1976. Financial Guidance Letters for Fiscal Year 1977 reflecting the results of the meeting as they affect your Directorate are being sent separately.

2. As stated at the meeting, the DDCI wants to avoid the application of percentages to budgets as a means of deriving funds to meet unfunded requirements. He would prefer to review activities programmatically to determine which low priority items can be terminated or curtailed when it is necessary that funds be made available to meet unfunded requirements. Accordingly, you are requested to furnish to the Comptroller by 15 November 1976 a list of the lowest priority items in your Directorate totaling 2.5 percent of your allotment. Items identified should be listed in order of priority with the activities most important to retain listed first and the least important listed last.

25X1A

Asst. Comptroller, Resources
